(taken on 12th March 2024 at 1 Year and 9 Months of age)

Fibre Testing Authority: Alpakotela Lab

Description:

Inca Rumour is a very high quality female who not only has a stylish and well covered fleece but her conformation is correct and she exhibits excellent show type presence.

Her fleece is very advanced with high density, a long staple which both contribute to her heavy cutting weight. The fibres are also uniform in micron, colour and are bright which gives the fleece an excellent handle.

With a mating to our champion and EEaa colour tested sire Inca Palladium, her cria should be extremely special and high value.

This halter trained breeding female comes with all our normal guarantees including live cria, full veterinary health check and our long term advice and support.

Available for domestic purchase and also export to the EU, Norway, Switzerland, India and the Middle East.

Name of covering male: Inca Palladium (Black)

Last Mating Date: 4th July 2024

Estimated Date Cria Due (Pregnant Female): 4th June 2025
