Description:

Phoenix is a friendly and inquisitive young female who will happily hand feed and enjoys lots of attention! She has proved to be a very popular member of our herd when we held farm visits and was always in her element when surrounded by people.

Phoenix hasn't been bred from before but is now ready to be put to a stud male for a 2026 cria.

She produces a lovely dense and fine fleece which would be perfect for anyone wishing to have it produced into yarn or felt.

Phoenix will need to go join an existing herd of female alpacas or be packaged with some of our other females to make a herd of at least 3. We are also selling Phoenix's Mum Libby as a non-breeding female, so the pair could be packaged together if desired.

Phoenix is registered with BAS, is microchipped and is up to date with all of her vaccinations and husbandry.

Only 5* homes will be considered.
