- Casper is an exceptional suri male.

Having won 5 supreme champion & titles this male has a very exciting breeding career ahead of him. His fleece is exceptionally dense, fine and uniform with magnificent lustre throughout. He stands on a very strong macho frame with lustrous locks from head to toe. He simply stands out in the paddock!

Sired by the impressive Houghton Nathaniel an Australian in-utero male. He brings in exciting suri genetics to advance the suri breeding program.

He has already proven to produce darker colours than the dam, last year including a multiple champion brown male. This year we have had a stunning dark fawn male from him which we intend on keeping.
