Description:

Chinchero Juvela will be a great asset to any coloured breeding programme. She carries a very fine and dense fleece with good length to the staple too.

Juvela is the daughter of one of our best black females Inca Jeopardy and multi champion Australian imported male Koo Wee Rup. This male is renowned for passing on positive fleece traits to his offspring in abundance.

Juvela will be sold with a beautiful dark fawn female cria {now weaned} who is also extremely fine and extremely dense. The sire of this cria is our black stud male Redens Burberry who has an impressive show record and has consistently bred top quality offspring.

These females are only being sold as our primary objective is to breed black alpacas and our herd numbers of black females is now at its limit.

Juvela is currently open as we wanted to fully assess the quality of the offspring from this combination before repeating the mating . If she remains unsold We will 100% be repeating the mating to Burberry and we would be happy to repeat this for any potential purchaser.
