Description:

Darcy is a harlequin huacaya who is rising 2 this year. He is well grown and showing interest in the ladies so there is a good chance he will work this year. He has the ability to throw interesting coloured cria. His sire has produced harlequin, fancy and solid colours, all with lovely temperaments, and his dam has grey lineage too.

He is a friendly chap who is halter trained, good for foot trims and other handling and is generally easy to have around.

Very reasonably priced as he is wasted here not being worked. Would love to find a home with his bestie(who is also his half brother), Huckleberry Finn- also listed!
