*(taken on 20th September 2018 at 1 Year of age)*

**Fibre Testing Authority:** Australian Alpaca Fibre Testing

### Description:

Inca Legacy is the result of many years of careful selective breeding by Inca Alpaca. He is a well grown male that weaned early and has maintained optimum health as he has grown. Inca Legacy began working towards the end of 2019 mating season. Legacy's first two cria arrived summer of 2020 and we are very pleased with both of them. Please see the photo of Old Felton Freedom showing how Legacy has really made an impact. Freedom is carrying a fine dense fleece covering a solid frame and displaying a beautiful head type.

Conformationally this male is correct in every area; he moves extremely well and has a frame that demands attention. His fleece exhibits very advanced traits that are easy to spot. It's dense, extremely fine, long stapled - growing at 0.46mm per day and the fibres are bright and uniform.

The breeding behind Inca Legacy is very special. His dam is not only a multiple show winner, but her sibling, Blackberry Jackknife was the 2018 BAS National Show Champion Male. Inca Elise is also the full sister to Inca Balboa, so the pedigree is full of quality proven bloodlines.

During 2019 Inca Legacy proved himself in both halter and fleece shows. He would suit an advanced black breeding programme to act as a finishing male over bay and true black females.

**Prizes Won:**

2019

North West Alpaca Group - Int Black Male - 1st and Black Champion

Northumberland County Show - Int Black Male - 1st and Black Champion

Northern Fleece Show - 12-24 months black fleece - 1st and Champion

Inca Legacy
