Sire: SHEPHARD'S PASTURE JERICHO

Dam: SCHWATKA 407

Breed Type: Huacaya

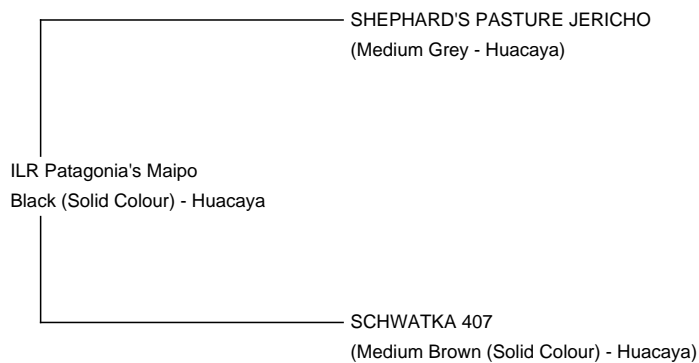

Colour: Black (Solid Colour)

Registered With: IAR 84444

& USA Alpaca Registry

Blood Lineage: USA

Date of Birth: 14th June 2004

Description:

We've been looking for years for a serious black male to match - in fleece - the quality white studs we are offering.

Maipo comes from the only herd in the world that is capable of producing such blacks - Alpacas de la Patagonia.

We expect him to revolutionise coloured breeding in NZ, and markedly improve the quality of black (and grey) alpacas in New Zealand.

From black and grey genetic lines and without any white markings we would not hesitate to recommend him for both black and grey females, and would also recommend him ahead of most coloured males over any dark pointed coloured females.

Prizes Won:

2005 USA National Black Champion Male

Champion Black Male Huacaya at the AOBA National Conference 2005 in USA

He also won 1st place in his class in the Halter Show.

Colour Champion (Black) at the Alpaca Western Extravaganza in USA in 2005.

He also won 1st place in the Full Fleece Halter class.

He has won colour champion at all the major USA shows he has been in.
