Description:

Bugatti is a stunningly well proportioned boy with a superfine and dense solid mid-brown fleece. He also has a nice head type and really good bone structure. His full brother, Snowshill Maserati, has maintained his fineness into his senior years and we expect Bugatti to do the same.

Bugatti is working well and is available for outside services.

Bugatti was cria shorn - so first fleece stats are correctly his 2nd fleece.

All of Bugatti's cria are well conformed and particularly well proportioned with good fleece characteristics. All, so far registered, are solid coloured and range from beige to true black.

His daughter, Juno Moneta, produced the Champion brown fleece at the 2020 East of England Fleece Show and was Champion Brown female at the 2021 South of England Show. At the same show his son, Viper, was Champion Black male and another daughter, Athena, was Champion Black female.

Bugatti is co-owned with Latton Alpacas Ltd in Buckinghamshire.
