Date of Birth: 5th July 2007

Description:

NO VAT ON STUD FEE!

Sired by the famous Chief of Bozedown who needs no introduction, Bozedown Comanche is a Futurity winning Champion- a stunning looking mid grey, bred from grey parents, his dam being Chelsea of Bozedown.

Futurity Champion Bozedown Comanche has sired more than 25 cria, including 8 cria in 2020 and several already in 2021. With his impressive genetics, Comanche continues to produce the goods including gorgeous greys, light greys and rose grey, fancies, blacks, browns, fawns, beige and white. Some of the greys have inherited his lovely black eye rims.

He is a keen stud male- strong, healthy and extremely fit. Comanche has been put to several of our females this year who are spitting off and expecting cria in 2022. As with all our alpaca studs, we provide a 24 hrs live cria guarantee. In the event of the cria not surviving 24 hours after birth, we provide a free return stud service (of course, subject to reasonable and sensible Terms and Conditions.)

Prizes Won:

The British Alpaca Futurity On Film

Photography by Alpaca World magazine photo competition prize winner Chris Ager

More than two hundred and twenty alpacas took part in show classes during Saturday February 16 at Newbury Racecourse with the championship class of alpacas aged 17 and over. The champion was Bozedown Comanche, a grey male, bred by Mike Saffley and owned by Inca Alpaca Stud. He was judged by Paul Cullen. It was the first time a grey male has won the championship on alpacas and Paul Cullen is the first judge in the UK to have judged a grey male.
