Description:

Houghton Blaine joined us in March 2022 from Herts Alpacas. We are so pleased to be able to add another proven stunning grey huacaya stud male. Blaine was shown at the BAS National Show in 2019 taking 1st Place as an adult. Blaine's fleece is very dense, very fine and even in his fineness. He has a very low percentage of primary fibres and cuts a very heavy, stylish fleece full of high frequency, high amplitude crimp from skin to tip. Please note we don't have the data from his 1st fleece so the 16 microns AFD, SD 3.4 is actually from his 2nd fleece!!

When it comes to adding elite bloodlines, Blaine offers an outstanding opportunity for those looking to breed elite grey alpacas. Sired by Houghton Noah II a stunning grey male who has produced a number of top champions. Blaine's dam is a top Australian import Britannia of Houghton (light fawn).

Blaine's pedigree is unrivalled boasting famous names including Cedar House Brave Heart, Purrumbete Highlander, Jolimont Ruffino, Peruvian Hemingway and Snowmass Peruvian Escabar.

Blaine has 14 crias so far to his name (by end of 2022) of whom 5 are grey and 6 are black. When mated to either a grey or black female, he has so far only produced grey or black crias.
