*(taken on 30th May 2022 at 1 Year and 9 Months of age)*

**Fibre Testing Authority:** SGS

### Description:

Talk about aging like fine wine, RGR Aces Loaded By Val D Lsere is an extremely impressive male who gives of the "look at me" attitude, and let's just say that he is living up to the hype just like his maternal siblings did in the show ring....

We showed Aces Loaded as a unshorn juvenile at the 2021 AOA National Show, he placed fifth but with glowing comments from the judge. He didn't appear on our show team until the end of the Spring show season in 2022, his fleece fine, but still improving as he aged. And then he was shorn, his regrowth grew back and blew us out of this world! He secured his show spot on our 2022 to 2023 show team, and his first show out (which was a double show in WA) he won a Color Champion and Reserve Color Champion banner, with extremely favorable comments from both the Judges! Talk about a comeback! They were amazed with his staple length, density, fineness, and even more impressed with his size which is what brought him to the top of the championship class, two times.

This is to all be expected from a Red Granites Val D Lsere son, but even more expected from his Aussie .38 Speical

dam: Crescent Moon's Anna Lucia, a multi-champion female.

Aces Loaded full-sister, Red Granites Azeri By Val D Lsere (Owned By Foster Trails Alpaca Farm), is a multiple champion true black female. We think that Aces Loaded is a "hidden" black huacaya. He has a large black spot just below his chest and above his knee on his left from leg. Can you imagine this bone structure, density and fleece length on a black? That thought is drool worthy...

**Prizes Won:**

Grand Champion Male - 2023 National Western Stock Show

4x Color Champion Brown Male

4x Reserve Color Champion Brown Male
