### Description:

Red Granites Chandler Bay has been a quietly kept secret here at Red Granite and now is the time to bring him forward as he takes a major role in our breeding program. Bred from multi-champion, MFI Master At Arms and from Red Granites Coos Bay who herself is a MFI Pistol daughter, he won the 2003 All American Grand Champion banner as a Black.

This male has been selected to be used as a sire as he brings another dimension to the Black Breeding lines here at the ranch. He is very robust and has great substance of bone and strength. His fleece is extremely dense, long stapled, which his dam's line is famous for, and the fibers are uniform in color and micron. With the additional black genetics originating from his dam, Red Granites Chandler Bay gives us a valuable option where color needs to be brought to the fore whilst still adding high quality and productivity.

His show career was short, but coming back as a 2-Year-Old male he won the 2022 Great Western Alpaca Show Black Male Reserve Color Champion banner, this is one of the largest and most competitive shows in the United States!
