Description:

Gregorius is the son of the legendary grey Nyetimber. Greg is superb with great presence, perfect conformation and a beautiful soft-handling fleece. His fleece has retained this fineness, his 6th fleece was still only 19.7 microns. He has a wonderful even crimp style and excellent density. The uniformity of his micron and crimp style across his body is really impressive.

He came from quite a small alpaca farm but his progeny so far have all been exceptional quality.

His show results have been very impressive throughout his career and he has picked up first prizes every year he has been shown and he has continued to pick up first prizes even as a senior.
