Description:

Majestic is a proven stud, with some impressive genetics, who knows his job, he is sure to produce some stunning progeny. We currently have 34 alpacas that have been mated with Majestic that are pregnant.

This male's pedigree really packs a punch. Majestic is an eye-catching male. Very well balanced, with very good strength of bone and fluid movement. Whilst loving the attention he is given; he is a very mild-mannered male who is very easy to handle.

He has a very dense fleece, which is uniform in micron, both within the staple and across the body, with a good level of fineness and a soft handle.
