### Description:

Generation Now is fantastic white male, he is well grown and has a beautiful phenotype with excellent substance of bone on a correct frame. His fleece is soft, uniform in colour and micron in the staple and across his body with a low transition line. His fleece is bright and well organised. His progeny are all displaying the same characteristics in their fleeces as well. His first progeny were born in 2022 (8) and all their fleece stats came back on their first fleece under 17 microns with low SDs.
