Description:

We will only be releasing a limited number of services to Placido for the 2024 season.

We purchased Placido in 2023 to add commercial fleece traits to our herd, improving density, staple length, and excellent uniformity of micron into the extremities. Placido has a great handle to his fleece, it is bright, has very few visible primary fibres, and also stands on a very sound frame. He is proven to be passing on all these positive traits to his offspring, backed up by being awarded 1st place sires progeny at the BAS National Show. A truly stunning, stand-out male.

Prizes Won:
