Description:

Introducing one of our latest herdsires -

Capital Fennec. This stunning champion brown male is everything you look for in a stud male. He has amazing presence, standing on a superb strong macho frame with fantastic fleece coverage from head to toe. His fleece is very dense, superfine and displaying great uniformity and brightness. He has black points so we expect he will throw dark when bred to dark.

(Genetically Ee aa)

He carries genetics from two of the most influential fawn males in the UK - Timbertop CT Goldmine & Lavender Park Tulley. Fennec will be available for a limited amount of outside services in 2024.
