Description:

Basil is an outstanding macho. His fleece is extremely fine, with his first fleece testing at 14mic with an SD of 2.9, and uniform and this carries right up the neck. He has a lovely bright fleece with a great crimp style and fantastic length. He exhibits a good level of density, shown by the level of fineness and uniformity it possesses.

The longevity of fineness he has is fantastic with his second fleece testing at 16.3 with his 3rd reaching 16.5 with a comfort factor of 100%

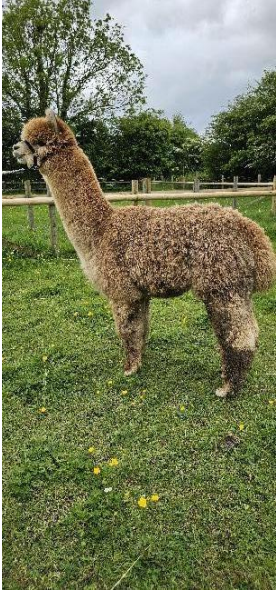

This is carried on a very strong frame conformationally correct in all aspects.
