Description:

Faerie Tale Dumbledore is a high quality upstanding male with excellent conformation, he has a good square frame, substance of bone and a lovely head type. His fleece is excellent and has very good density and uniformity, with an excellent crimp style.

Dumbledore carries extensive grey genetics from his sire multi champion grey stud Limestone Aztec going back through other incredible genetics such as the grey Blue Grass Waterloo Sunset. On his dams side he boasts quality black including Daer Enahs Streslecki Of EPC.

Though only in his second year breeding, Dumbledore is an excellent stud and is having a high success rate with females he is bred to. His Sire has produced many greys and also some lovely coloured multis.

Dumbledore has a lovely character and is incredibly laid back and easy to handle. Qualities we think he will pas on to his offspring.
