(taken on 1st April 2024 at 1 Year and 10 Months of age)

Fibre Testing Authority: European Wool Testing Authority

Description:

BECK BROW Ready or Not , was purchased in 2024 to bring a whole new line of top class genetics into our breeding programme. He was Champion Brown Male at NWAG Alpaca championship in 2023 as a junior and as a intermediate was Champion again in 2024 at NWAG and at the Heart of England Spring Fiesta in 2024.

BECK BROW Ready or Not, is a compact well conformed male with a striking presence. His fleece is very uniform in colour and consistent right out to his extremities.

His lineage is Australian with the genetics of Blenheim, EP Cambridge, Softfoot, Coonawarra, Alpaca Specialist and

Boztdown running through his background. As such he represents a complete new infusion of genetics into the Toft Herd and we expect a great deal of hybrid vigour from this male over the coming years. We are very excited about how he will compliment our thirty years of selective breeding and looking forward to what he will produce over the combined recent genetics of Timogen, Freddy and the Big Bopper who are already producing ourstandingly dense, uniform, exceptionally fine cria.

We have no doubt that Ready or Not represents the next big leap in the development of the Toft Herd and his inherent quality will fit seamlessly into progressing or aspiration. We have a number of his offspring due in 2025 but not until late in the season.

We are offering a limited number of outside matings this coming season to this very exciting male on a drive-by and mobile service. On farm mating is available subject to specific arrangements. If you want to take advantage of the potential of this young male we advise you book your matings early so we can schedule them into our plans.

We will offer discount for multiple matings.

Prizes Won:

- Heart Of England Spring Fiesta 2024 Huacaya Champion Brown Male Champion
- Heart Of England Spring Fiesta 2024 Huacaya Intermediate Male - Brown 1st
