Description:

Black magic is stunning stud. Were expecting Ciria from him this year! Exciting.

Has dark brown black modern grey/roan in his family history. Correct conformation. Did well at competition at the age of 5 years old. So his fleece and genetics are excellent results and not grown out of as he natured in to an excellent adult.

His normal mating fee is£600, but were doing half price for 2025, so he is a absolute bargain at £300. Contact is given and payment before matings. Opportunity not to be missed.

Prizes Won:
